*Orientation Course on Cervical and Breast Cancer Early Detection and Control*

*13-15 February 2016, Dhaka, Bangladesh*

**DR SHAHANARA CHOWDHURY**

*Professor and Head, Department of Obstetrics & Gynaecology, Chittagong Medical College (CMC)*

“All the sessions were beautifully arranged, the topics selected were very appropriate for everybody who are involved partially or fully in the cervical cancer screening services. The presentation was very clear, the materials were good, and the explanations were very useful and thought provoking. [...] The training program which I was lucky to attend enlightened us with recent development in this field. I learnt a lot, which will help me conducting and disseminating the information and skills in my setting and finally reshaping the cervical screening program in existing setup.”

**DR ANITA GADGIL**

attended the course as Faculty member

*Professor of surgery, working as breast surgeon Associate Professor in the department of Surgery at B.A.R.C. Hospital, Mumbai, India*

“The two day training course in Dhaka was very well designed to suit the healthcare structure in Bangladesh and to encourage participation from the surgeons, gynaecologists as well as the program managers of the local early detection program. It facilitated

discussion between the faculty and the delegates and also amongst various stakeholders in the healthcare system. The hands-on training for treatment of early cervical lesions was very well appreciated by all. The course quality was very good with respect to content and will definitely help the participants in carrying out their detection programs more effectively.”

“[...] as a participant to the orientation course on Cervical Cancer Early Detection and Control, I have enriched my knowledge a lot. As a faculty and master trainer, I am highly delighted as I have also cleared some of my confusions thanks to appreciative lectures of brilliant teachers. It is immensely fruitful to me and up to my expectations.”
